

DEDICATION

On behalf of the student body the staff wishes to dedicate the 1954 edition of Maple Leaves to Mr. Fred Reynolds, our principal. Mr. Reynolds has been a real friend to each of us, and has won our affection and confidence during the year. We would like to express our heartfelt thanks for his genuine interest, his encouragement, his leadership, and his inspiration. We feel that Mr. Reynolds has had a large part in providing many fine opportunities and in making possible a better quality of education. The 1953-54 school year has been a new beginning and also a landmark year in that we have expanded our horizons and are on our way to greater achievements.
